North Vietnam - "Offensive Missiles"

7. There has been no report of photographic detection of the introduction of offensive missile systems into North Vietnam.

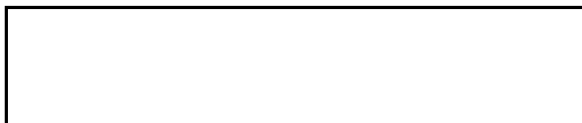

8. The Map at Tab C: Shows the [ ] photographic coverage of North Vietnam (80% or better cloud-free) that has been reported in the three week period ending 11 September. This has been reported in accordance with the photo reconnaissance area grid system. In addition to area coverage, the map shows ten targets that could most likely reveal the introduction of offensive missile systems into North Vietnam, the Kun Ming railroad yards, the eleventh target, is at 2501N and is consequently off the map.
